Dear Andy,

I am pleased to provide a letter of reference to Ball Construction in regard to the project we collaborated on at 6724 Road 162 / Highway 23 in Atwood, Ontario. Ausenco Engineering Canada Inc. provided prime consultant services across all disciplines for the Plant Reconstruction.

Ball Construction's focus and commitment to meet the strict schedule and demands of the project and ensure the quality of the work was performed in a safe environment, made for a successful project.

It was a pleasure to work with Ball Construction as the constructors on this project and we look forward to working with Ball Construction on future projects.

Yours truly,

**Ausenco Engineering Canada Inc.**
