To Whom it May Concern,

RE: Plattsville Arena Addition and Alterations 2012

I was retained by the Township of Blandford Blenheim to be the owner's representative for this project constructed in 2012. Ball Construction Inc. was the general contractor.

The project was executed very professionally and completed on time. The changes were in the owner's best interest and helped make the interface between the new and old disappear. The facility now looks totally like a new arena. Members of Council and staff were very satisfied with the outcome. Andy O'Brien, Ball's project manager, was a pleasure to deal with throughout the duration. Ball controlled their subs well and they took construction safety seriously therefore there were no major injuries to any workers.

I would not hesitate to recommend Ball Construction Inc. for any construction project. My role as owner's representative was easy thanks to Ball Construction Inc.

Sincerely,

A handwritten signature in blue ink that reads "Laurier".

Laurier Proulx CET
